'79 Pioneer

photo by Paula Slempp

Foreword

As we look back at the days of the 1978-79 school year, the pioneer hopes to bring forth the more pleasant memories of our best days.

We think that the pioneer should refresh our memories and remind us of the good times we hold precious.

We would like to show our appreciation to the faculty for their time and consideration that has improved us as a person and has improved our education to a great degree.

We would like to thank the annual staff for the time and effort put forth to create "our" pioneer.

Dedication

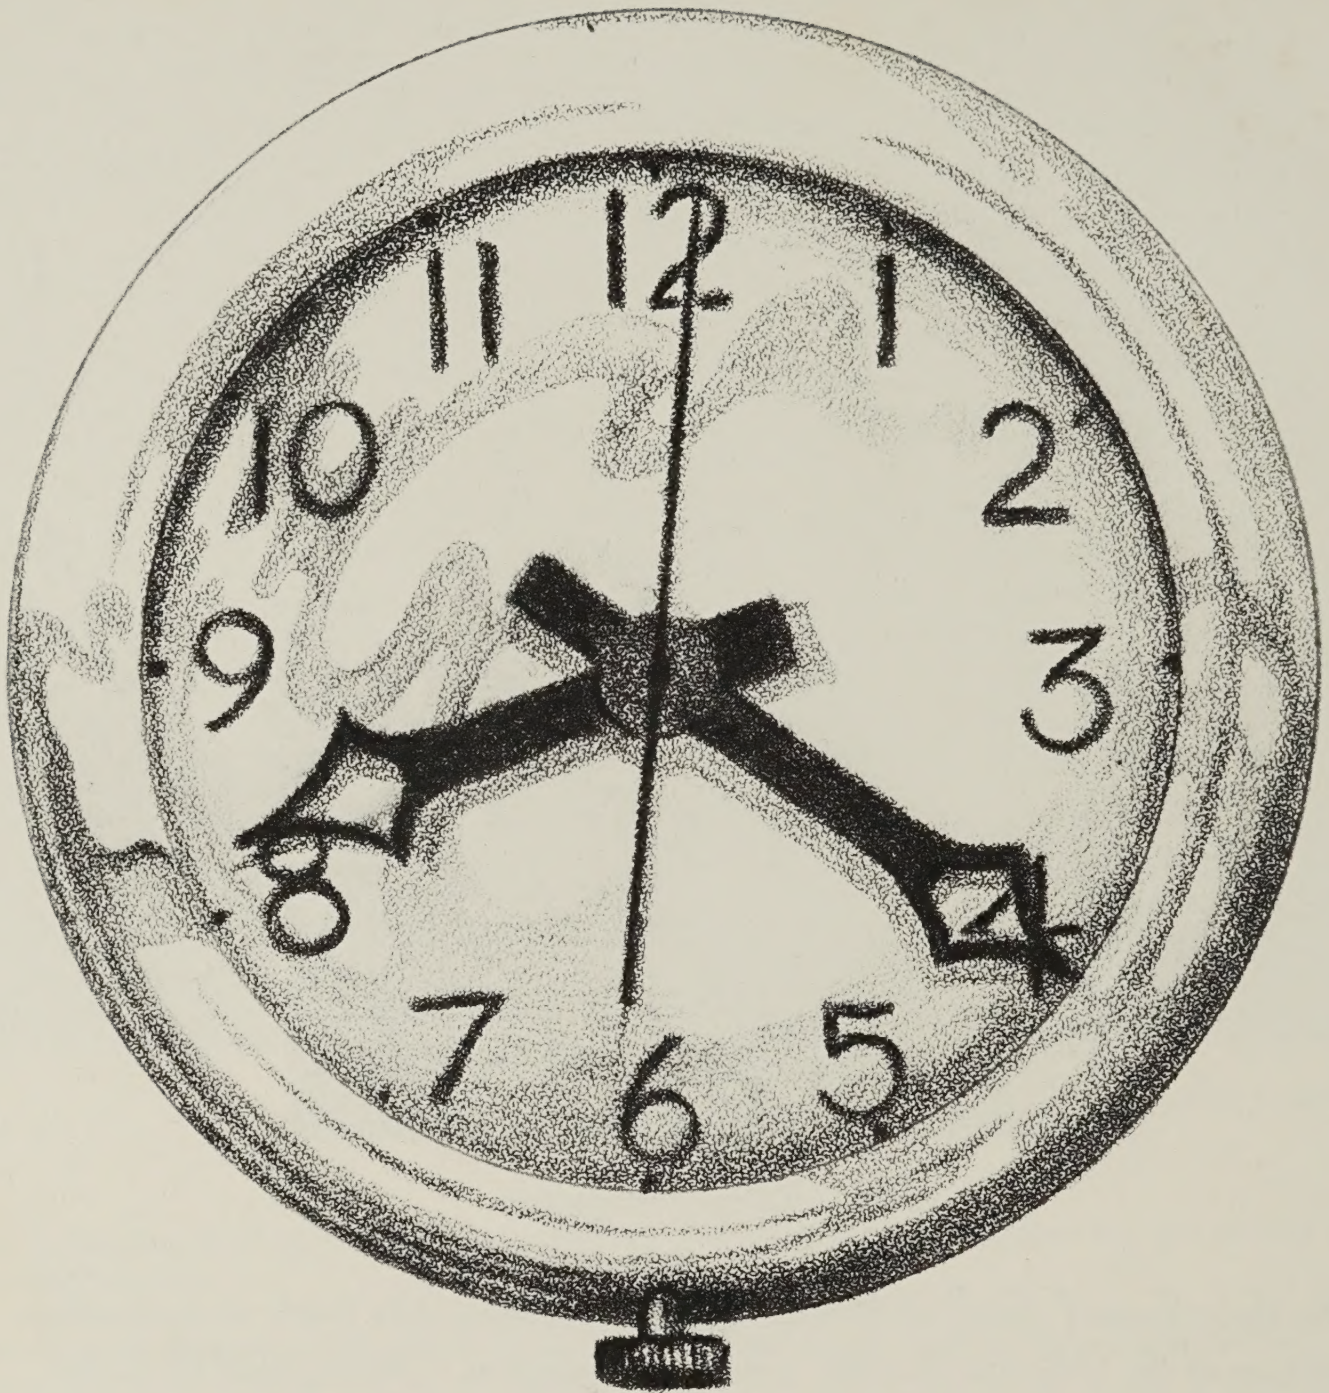

Mr. Harry Arrington

We, the Annual Staff of Ervinton High School, take pride in dedicating this edition of the Pioneer to Mr. Harry Arrington. Throughout his years at Ervinton High School, we have found him to be a person of inspiring character, strong will, and good humor.

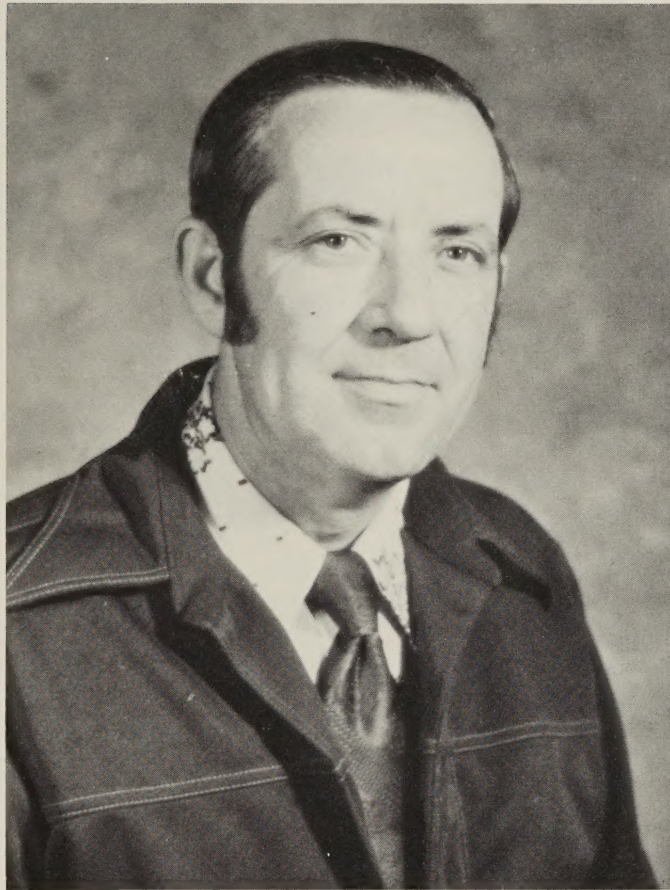

We thank you Mr. Arrington for your warm smile and friendly personality. We know you will always be the same and will help others as you have helped us.

May your life be filled with joy and may God bless you in many ways.

Administration

Our Principal

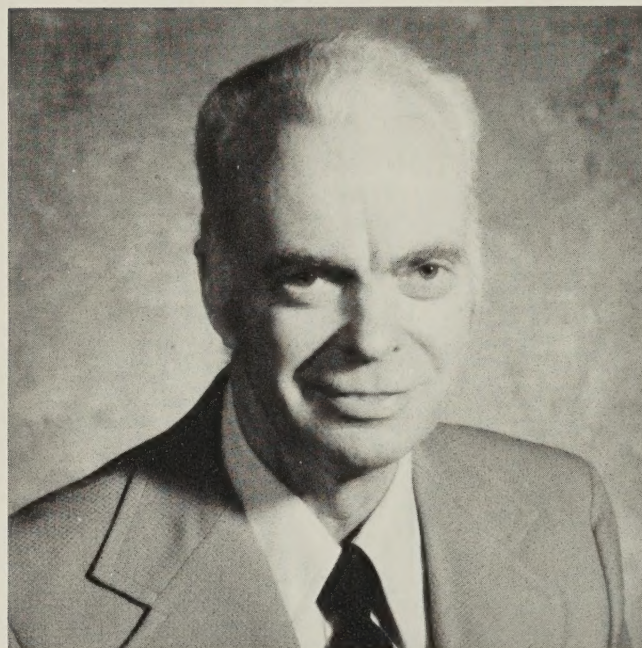

To Mr. Greear

The graduating class of "79" would like to take this opportunity to express our sincere appreciation to our principal, Mr. James R. Greear. He has not only been a good principal, but a friend as well, to each and everyone of us. We would like to thank him for his understanding, fairness and cooperation with the student body.

We thank you for opening the door to our future and helping us to realize exactly what life is all about.

Assistant Principal
Farrell C. Sutherland

We the graduating class of '79 would like to take this opportunity to say "THANKS" to Mr. Farrell C. Sutherland, for the kindness and understanding he has shown to us all in the past five years. As well as being assistant principal he has rendered his services to the math department and is the current sponsor of the Academic E.

As we travel down the road of life, we will always remember Mr. Sutherland as a kind and devoted man.

Recipe for Success

Take energy and patience and mix them
well together
With plenty of good nature that laughs
in cloudy weather;
Add earnestness of purpose in everything
you plan.
And much determination to do the best
you can.
Do this with conscientious care, and we
think you will confess
You've never found a better rule for
making a success.

BE THANKFUL

Lena McMinn

Be thankful for the little things
A baby's smile, a blue bird's songs
A little home, where love abides
Where you can rest at eventide.

Be thankful for the rose that blooms
And sheds aboard its sweet perfume,
A little kindness here and there,
And happiness that you can share.

Be thankful for the friends so true
And skies above that are so blue
And for our blessings all the way
That we enjoy from day to day.

THESE ARE THE THINGS

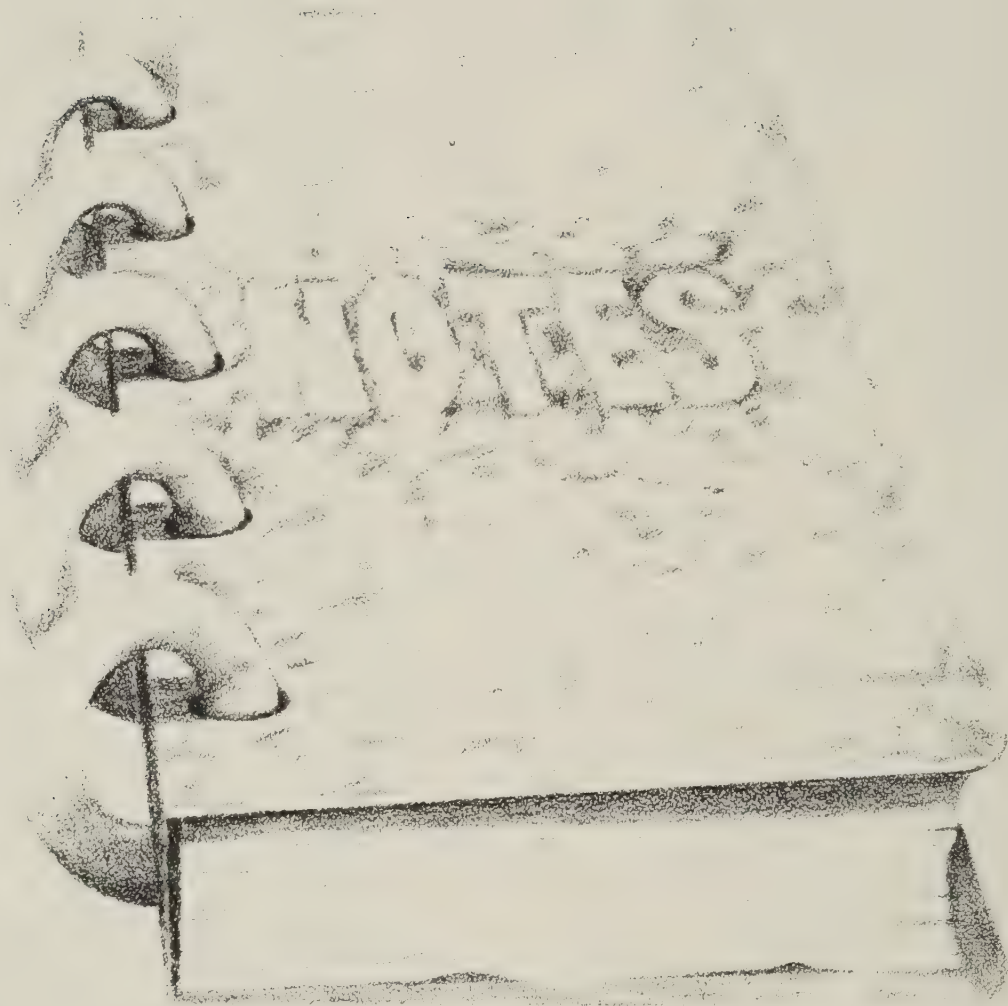

Not what we have, but what we use,
Not what we see, but what we choose —
These are the things that mar or bless
The sum of human happiness.

The things nearby, not things afar,
Not what we seem, but what we are —
These are the things that make or break,
That give the heart its joy or ache.

Not what seems fair, but what is true,
Not what we dream, but what we do —
These are the things that shine like gems,
Like stars in fortune's diadems.

Not as we take, but as we give,
Not as we pray, but as we live,
These are the things that make for peace,
Both now and after time shall cease.

Friendship

I'd like to be the sort of friend that you have been
to me;
I'd like to be the help that you are always glad
to be;
I'd like to mean as much to you each minute of
the day;
As you have meant, old friend of mine, to me
along the way.

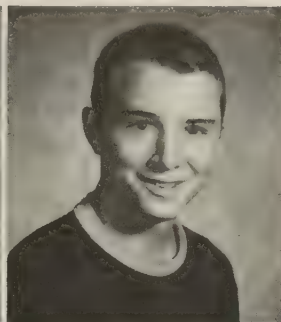

I'd like to do the big things and the splendid
things for you,
To brush the grey from out your skies and leave
them only blue.
I'd like to say the kind things that I so oft have
heard,
And feel that I could rouse your soul the way that
mine you stirred.

I'd like to give you back the joy that you have
given me;
Yet that were wishing you a need, I hope will
never be.
I'd like to make you feel as rich as I who travel on
Undaunted in the darkest hours with you to lean
upon.

I'm wishing at this time that I could but repay
A portion of the gladness you have strewn along
my way.
And could I have one wish this year, this only
would it be;
I'd like to be the sort of friend that you have
been to me

Autographs

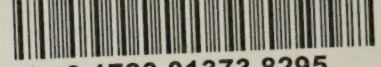

Autographs

A photograph of a river or lake with trees having autumn-colored leaves reflected in the water. The scene is captured from a low angle, looking down the waterway. The water is dark and still, reflecting the sky and the surrounding foliage. On the right side, a large tree with dense, bright orange and yellow leaves dominates the foreground. Its branches extend over the water. On the left side, another tree with similar autumn foliage is visible, partially obscured by the main tree on the right. The background shows a distant shoreline with more trees and a hint of a building or structure. The overall mood is serene and peaceful, capturing the beauty of the fall season.
